USES

Cement, stone, brick, concrete and any other absorbent substrate in construction. Substrates must be healthy, dry, cohesive, absorbent, well adhered, clean and free of dust.

FEATURES

- Natural look finish.
- Grey colour.
- Easy to apply.
- High durability.
- High mechanical resistance.
- Can be projected with gunning machine.
- Storage: 6 months inside its original packing and kept free from damp and humidity.

IDEAL FOR

- *Theming and construction of existing vertical parameters or through the installation of metal structures intended for this purpose.
- *Theming and construction of stones, rocks, walls, façades and other ornamental or natural elements.

20Kg

Pallet of 48 sacks
of 20 Kg.

**Water for mixing**

0,25 l of water per kg. of powder

**Performance**

15 - 20 Kg/m²

13.0 - 14.0

**Maximum thickness on application**

10 mm per layer

**Adhesion**

> 3 Kg/cm² on cement

**Fire classification**

A2 - s1 - d0

**Service life**

5 - 6 hrs.

**Drying time in 2mm thickness**

Concrete: 3 - 4 hrs.

**Maximum granulometry**
